

Adding a Flickr Photo

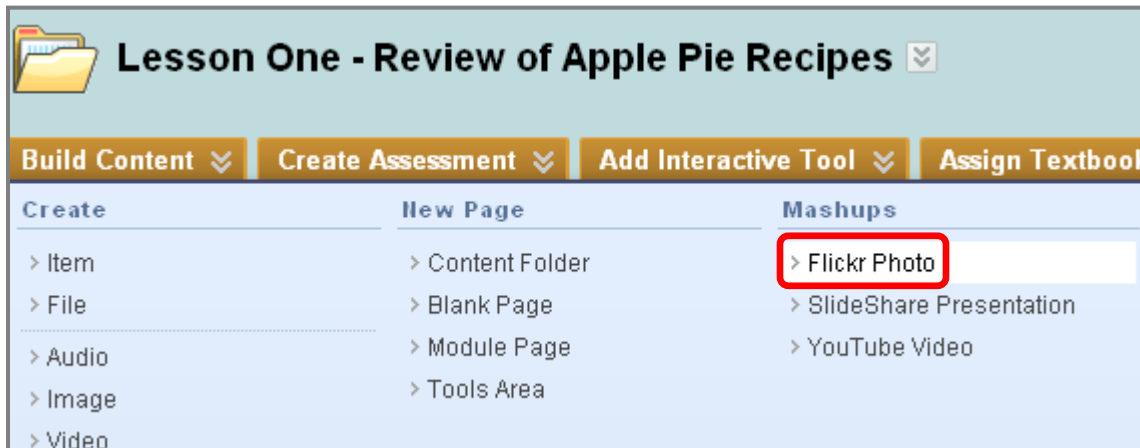

Flickr® Photo Sharing is an online photo management and sharing application. It enables users to make photos available to public or private audiences. Blackboard is linked to **Flickr® Photo Sharing**, so instructors can easily access and share photos with students.

Follow these step-by-step instructions to add a **Flickr Photo**:

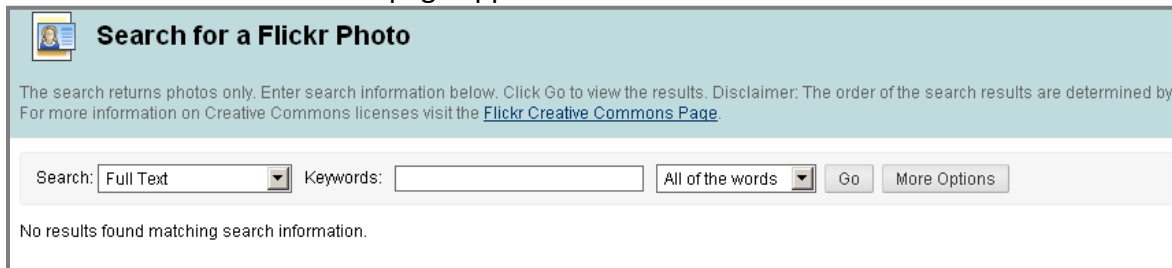

1. Navigate to a content area by clicking one of the Course Menu buttons. In this case let's use the "Lessons" button and the Lesson One folder.
2. Hover over *Build Content*.

3. Click on *Flickr Photo*.

4. The Search for a **Flickr Photo** page appears.

8. Enter a Name for the Photo in the Name Field.

Name

9. Enter a description of the Photo in the Description text box

Description
